AI & Automation: Generative AI (ChatGPT), Prompt Development, Workflow Optimization

Professional Experience

Business Operations Coordinator, Customer Success Team & Vendor Verification eRepublic | October 2025 - January 2026 (Contract)

- Coordinated scheduling across client engagements and internal workflows by managing shared calendars and arranging kickoff calls and status meetings while capturing insights and documenting action items in Salesforce.
- Facilitated seamless project execution by organizing timelines, maintaining documentation, and coordinating webinar logistics to maintain delivery cadence across multiple concurrent initiatives.
- Reviewed procurement databases and award communications to accurately update system records, recording vendor participation and publishing intent-to-award notices with high accuracy.

Grant Program Operations Coordinator Judicial Council of California | April 2025 - October 2025 (Contract)

- Digitized compliance workflows by designing automated spreadsheets and MailMerge systems that reduced processing time from 30 days to 5 days (83% improvement), enabling faster decision cycles.
- Coordinated a statewide \$5M grant program spanning 13 counties, contributing to a 50% increase in compliance rates and 75% funding utilization through proactive stakeholder communication.
- Maintained governance accuracy for 15+ MOUs by tracking statutory language and regulatory citations, reducing error rates by 10% and strengthening audit outcomes.
- Developed standardized templates and audit-ready documentation that saved 80 labor hours annually, improving transparency and executive confidence in program operations.

Senior Executive Operations Partner to CEO & COO (Senior Executive Assistant)
NAMI California | December 2022 - September 2024

- Owned executive operations for CEO and COO, reclaiming 130+ executive hours annually through the implementation of automated briefings, decision memos, and productivity-aligned scheduling.
- Elevated board governance by managing agendas, decision trackers, and timed reminders, achieving 100% quorum and accelerating decision cycles that improved organizational responsiveness.
- Directed vendor strategy for executive retreats and conferences by negotiating contracts and optimizing logistics, generating \$6K+ in annual savings.
- Strengthened executive follow-through by implementing structured decision-tracking systems, ensuring leadership had timely access to essential materials and stakeholder updates.

Executive & Board Operations Lead (Executive Assistant)
Umoja Community Education Foundation | August 2021 - November 2022

- Partnered with executive leadership to prepare board-ready materials and maintain stakeholder alignment across high-visibility governance initiatives.
- Implemented a cloud-based project management system that reduced cross-departmental delays by 35% and improved visibility into deliverables across five major global projects.
- Established a “one-week-early” preparation baseline, ensuring stakeholders received 100% of required materials ahead of deadlines to strengthen collaboration and execution.
- Enhanced operations by proactively managing schedules and implementing contingency plans, resulting in 95%+ on-time meeting starts across strategic discussions.

Program Operations Analyst
California Department of Corrections & Rehabilitation | October 2015 - January 2021

- Managed 1.3K+ annual procurement transactions by developing a specialized procurement calculator that reduced processing time by 30% and saved 200 labor hours annually.
- Conducted 20–50 weekly audits of procurement records and invoices, improving audit accuracy rates by 25% through standardized processes and proactive issue identification.
- Digitized 3K+ physical records into a centralized system, improving retrieval efficiency by 40% and reducing misfile incidents by 75% for high-volume procurement environments.

Procurement & Contracts Analyst
California Department of Corrections & Rehabilitation | October 2013 - October 2015

- Served as a central liaison for institutional buyers, providing guidance on procurement decisions and maintaining transparent communication to support workflow continuity.
- Managed documentation and audit-ready logs for \$5M+ in purchasing activity, reducing internal audit error rates by 65%.
- Processed 780+ annual requests while improving contract cycle efficiency by reducing processing timelines from five to four business days.

Education

California Maritime Academy | BS in Business Administration, Specialization in International Business & Logistics
