Executive Business Partner & Business Operations | Chief of Staff Track Workflow Automation | Remote-First

SUMMARY

Operations partner who builds the systems that let executives move faster. 12+ years running executive operations, board governance, and vendor operations for CEOs, COOs, and a \$5M multi-county grant program, including cutting a 30-day compliance cycle to 5 days. Fluent in the remote-first stack and AI tools for daily operations.

SELECTED IMPACT

- Cut compliance cycle time 83% (30 days to 5) by automating a manual review workflow
- Reclaimed 130+ executive hours a year with automated briefings, decision memos, and calendar strategy
- Lifted partner compliance 50% across a \$5M, 13-county grant program through proactive communication

KEY SKILLS

Executive Operations: Strategic business partnering, operating cadence, decision tracking, executive briefings, board operations, stakeholder alignment

Business Operations: Workflow automation, process mapping, SOPs and documentation, audit readiness, compliance workflows, vendor operations, procurement lifecycle

Data & Reporting: Dashboards, data analysis, quality control, budget tracking, reconciliation, systems migration

Tools: Slack, Notion, Airtable, Asana, Monday.com, Salesforce, Power BI, Google Workspace, Microsoft 365, SharePoint, DocuSign, Zoom

AI: Claude, ChatGPT, prompt design for summaries, briefings, and SOP drafts

PROJECTS & VOLUNTEER LEADERSHIP

Operations Systems Portfolio | sdurio.github.io | 2026

- Published 4 case studies breaking down past systems by challenge, intervention, and measurable impact
- Designed an operating cadence framework for leadership teams, including templates for executive briefs, decision logs, meeting prep, and follow-through
- Recorded an async video walkthrough of a training certification workflow I rebuilt, cutting delivery from 30 days to 5

Internal Audit Committee Member | TNBA | 2023 to Present

- Audit 4 to 6 assigned financial accounts per review, including regional and junior regional tournament accounts, a corporate credit card, and office expenses
- Identified 6 discrepancies to date and resolved 4, matching purchases to accounts and reconciling outstanding items

Tournament Operations Co-Lead | Community Bowling Tournaments | 2023 to Present

- Co-ran 3 tournaments of 10 to 50 bowlers, partnering with a different organizing team each time
- Built Google Sheets systems for team formation, handicap calculation, and brackets, plus a side pot calculator that awards up to 4 places based on participation
- Delivered payouts within 15 minutes of the final score, with zero disputes across all events

EXPERIENCE

Business Operations Coordinator

eRepublic (GovTech media & research) | Oct 2025 to Jan 2026 | Contract · Remote

- Ran meeting operations for 4 concurrent client engagements on a fully distributed team I never met in person, logging every action item in Salesforce so nothing fell through between calls
- Managed timelines, documentation, and webinar logistics across 10 projects, keeping deliverables on schedule
- Maintained vendor and award records in procurement databases, publishing award notices on deadline

Grant Program Operations Coordinator

Judicial Council of California | Apr 2025 to Oct 2025 | Contract · Hybrid

- Automated a manual compliance workflow with templated spreadsheets and mail merge, cutting cycle time from 30 days to 5 (83%)
- Ran operations for a \$5M grant program spanning 13 counties, coordinating partners entirely through remote channels and lifting compliance rates 50%
- Built a tracking system for 15+ partner agreements and their regulatory requirements, reducing errors 10%
- Wrote a 15-process transition manual and checklist for an incoming director, structured as a 60 to 90 day onboarding path and approved by program leadership

Senior Executive Operations Partner to CEO & COO (Senior Executive Assistant)

NAMI California | Dec 2022 to Sep 2024 · Hybrid

- Owned executive operations for the CEO and COO, reclaiming 130+ hours a year with automated briefings, decision memos, and priority-aligned scheduling
- Ran board operations with written decision trackers and automated reminders, hitting 100% quorum and speeding up decision cycles
- Selected and approved vendors on my own authority for executive retreats, conferences, and board meetings, saving \$6K+ a year
- Built decision-tracking systems so leadership had the right materials and updates before every key conversation

Executive & Board Operations Lead (Executive Assistant)

Umoja Community Education Foundation | Aug 2021 to Nov 2022 · Hybrid

- Selected and rolled out a cloud-based project management system that cut cross-team delays 35% and gave leadership real-time visibility across five projects without status meetings
- Set a one-week-early delivery standard, getting 100% of board and stakeholder materials out ahead of deadline
- Owned leadership and board scheduling, achieving 95%+ on-time meeting starts through proactive planning and contingency plans

Program Operations Analyst (2015 to 2021) | Procurement & Contracts Analyst (2013 to 2015)

California Department of Corrections & Rehabilitation | Oct 2013 to Jan 2021 · In-person, remote from 2020

- Built a procurement calculator for 1,300+ annual transactions that applied DVBE and small business preferences to award pricing, restoring preference compliance, cutting processing time 30%, and becoming the audit record for the awarding structure
- Managed audit-ready records for \$5M+ in purchasing, preventing \$75K+ in annual misallocations and reducing audit error rates 65%
- Migrated 3,000+ paper records into a centralized digital system, speeding retrieval 40% and cutting misfiles 75%
